2014 ANNUAL

ROOF INSPECTION

7 POINT INSPECTION

- Our Homeowners Roof Inspection Guide covers 7 major areas of your roof. Annual inspection of these points prevents costly repairs or replacement and maximizes your roof's service life. *When performing a roof inspection use the proper safety precautions.

INSPECTION AREAS

Water Leaks _____

Missing /Damaged Shingles/Tiles _____

Flashing Condition (Chimney & Wall) _____

Roof attachments (Ex. antenna) _____

Gutters Condition _____

Attic Moisture/ Soffits Condition _____

Adequate Ventillation _____

This 7 point inspection is designed to give you a general overview of the condition of your roof. For a detailed analysis and proper problem identification, contact Schulte Roofing today.

JOIN THE OVERHEAD CARE CLUB™

Complete care & maintenance for your roof

CONTACT SCHULTE ROOFING IMMEDIATELY IF YOU HAVE:

✓ WATER LEAKS OR MOISTURE

The presence of water inside your home or attic can lead to serious problems and even roof replacement.

✓ DAMAGED ROOF MATERIALS

Loss of granules, cracks, warpage, deterioration, rotting and missing roofing materials will lead to premature roof failure and must be replaced.

✓ SAFETY CONCERNS

Prepare yourself with the necessary safety precautions. If you feel uncomfortable or are unable to climb on your roof for any reasons, contact a professional & certified roofer.
